

## FIRM OVERVIEW

### FOUNDED

1978

### FIRM BIOGRAPHY

For over 30 years, **JPR Architects** has specialized in planning, architecture, interior design, lease administration and environmental graphic design services to the retail, mixed-use, hospitality, entertainment and commercial office sectors. Our projects have involved **uncommon strategies and innovative designs** to meet our clients' goals. We have assembled a staff of talented people who provide the diversity needed to accomplish projects at the highest level of professional skill.

JPR specializes in designing a variety of **destination places**, including regional, neighborhood and mixed-use developments, as well as corporate office facilities, hotels and resorts. JPR projects have garnered awards for complementing the region in which they are located while **providing proven long-term asset value to the Client**.

JPR is a **client-driven firm**. With customer service at the forefront of our business, we go beyond the conventional services offered by most design firms. JPR provides the **full range of architectural services** including planning, project design, interior design, construction documents, environmental and graphic design, field administration and purchasing.

JPR Architects is actively practicing and promoting **Sustainable Design** methods - we believe that it is essential to design in a way that reduces the use of non-renewable resources, minimizes environmental impact and **relates the consumer with the natural environment**. The firm is a member of the United States Green Building Council.

### AREAS OF CONCENTRATION

JPR provides a wide-range of services, ranging from master planning and architecture to interior design, environmental graphics and wayfinding programs. Our staff combines experts from all disciplines, including:

**Retail / Mixed-Use / Corporate / Public / Hospitality / Residential**
